

Welcome to Cascadians!

We are a group of folks, young and old, who enjoy the great outdoors. We share a common appreciation for the natural beauty and diversity of our great Northwest. To that end we engage in a variety of activities such as hiking, biking, skiing, snowshoeing, and backpacking. Our monthly meeting is another opportunity for our members to gather. On the last Wednesday of each month (except July) we gather for a brief business meeting and an exciting program reinforcing our connectedness to nature. In July we host a potluck at a local park in lieu of the business meeting.

We invite you to come to a meeting or join us on an outing. Be our guest and discover for yourself that the Cascadians are a great bunch of folks, just like you!
